The second day's session of the Diocesan Council of the Episcopal church of Kentucky opened this morning with the celebration of holy communion at 7:30 o'clock. At 9:30 o'clock the morning prayer was held, adjourning into the business session at 10 o'clock. Bishop Charles E. Woodcock, of Louisville, was in the chair and Mr. John J. Saunders, of Louisville, was secretary of the council.

The business session opened with a reading of the minutes of yesterday's session, which were adopted without protest. The regular business of hearing reports from committees was then taken up. The chairman of the committee on canons read his report with recommendations for changes which were discussed by the delegates. This report occupied a large part of the morning session. During the session four telegrams were sent by the council, one to the bishop at San Francisco, expressing sympathy, the others to delegates who were detained from attending the council.

A report on the condition of the church was read by Mr. J. K. Mason. The council then adjourned for lunch.

This afternoon the council opened with a business session which will wind up that part of the convention. At 4 o'clock the Woman's Auxiliary will meet, the closing service of the council taking place at 8 o'clock with an address by Bishop Woodcock.

FIRE DEPARTMENT VACANCIES.

The police commissioners have awakened to the fact that the people need some protection in the vicinity of the Union depot and have given them police protection after a several weeks' layoff of the patrolmen on this particular beat.

Patrolman Ed Alexander has been seen at the depot during the morning meeting the trains for two days, and an investigation revealed the fact that he had been ordered to the depot during the morning.

The first shot out of the box was a day light robbery, and a few days later a drunken farmer from Graves county took the platform with a big Colt's pistol.

A report gained currency that Patrolman James Brennan, who is now taking his vacation in Wisconsin, has resigned his position and would remain in that state. An investigation failed to develop that he had. Commissioners J. K. Bonds and J. C. The report is thought to have been started as a joke.

TIGERT AND WARD ELECTED BISHOPS

Election Held by the Methodist General Conference.

Believed That Revision of Wesleyan Creed Will Call for Action By Parliament.

ARGUMENT AGAINST A CHANGE

Birmingham, Ala., May 17.—The general conference today elected J. J. Tigert and Seth Ward, bishops. Dr. Tigert, who is a Kentuckian, was favorite in church politics, while Dr. Seth Ward, who is a Texan, was barely mentioned as a possibility. Several apparently more prominent candidates were considered ahead of him.

No Change of Creed for Him.

In connection with the recent action of the Methodist general conference creating a commission to meet similar bodies from other branches of Methodism looking to a revision and restatement of the church's creed, Rev. Dinsdale T. Young, the fraternal delegate from Great Britain now here, is inclined to believe that a special act of parliament will be necessary if such a step is taken by the Wesleyan church in England. Mr. Young tonight said:

"My impression is that we cannot have a genuine restatement or revision of the creed without the consent of parliament, owing to John Wesley's poll deed, the legal foundation of Methodism."

Time Limit Unchanged.

After debating the question for several hours, the general conference refused to remove the time limit from the pastorate of the church and adopted the minority report of the committee on itinerancy, which was against the extension of the pastoral limit to six years. This means that the present four-year plan will remain as it is.
